

## **POOL PLAYERS RANKING**

**Below you will find the C&N Sales Pool Player Rank List. This is not a complete list of our players, but only a sampling of those who may have played a tournament and have excelled above the "B" level. There are likely others that should be on this list, and eventually it will become more complete. We rank our players on "known ability" and use mostly previous tournament finishes as a guide. If a seasoned player joins our league, we look at other lists and discuss the players abilities with other league members to determine where they should "start" in our system. We do elevate winners at our Pietan Classic and Great Plains singles tournaments based on how the player finishes (men & women).**

<b>The top (4) AA finishers are moved to:</b>	<b>Masters</b>
<b>The top (4) A finishers are moved to:</b>	<b>AA</b>
<b>The top (8) B finishers are moved to:</b>	<b>A</b>

**We review player's rank after each tournament and elevate them at that time. You may be elevated during the middle of a league season if you do well in a singles or doubles tournament. Please check the list so you know what your rank is. If you are not on the list, feel free to call your league director to see where you stand. If you notice an obvious mistake with a players rank, we welcome a phone call so we can discuss it.**
