

C&N SALES POOL PLAYERS RANKING

Updated JUNE 9, 2022

Below you will find the C&N Sales Pool Player Rank List. This is not a complete list of our players, but only a sampling of those who may have played a tournament and have excelled above the "B" level. There are likely others that should be on this list, and eventually it will become more complete. We rank our players on "known ability" and use mostly previous tournament finishes as a guide. If a seasoned player joins our league, we look at other lists and discuss players abilities with other league members to determine where they should "start" in our system. We do elevate winners at our C&N Sales Singles and Great Plains Singles tournaments based on how the player finishes (men & women).

The top (4) AA finishers are moved to: Masters

The top (4) A finishers are moved to: AA

The top (4) B finishers are moved to: A

(no more than 10% of field will be elevated from a singles tournament)

We review players rank after each tournament and reserve the right to elevate players at that time if necessary. Most elevation will occur at our annual summer meeting. Please check the list so you know what your rank is. If you are not on the list, feel free to call your league director to see where you stand. If you notice an obvious mistake with a players rank, we welcome a phone call so we can discuss it.
