

CSR Review Process for 7 State Pool 2025

Below is the CSR being used for every player. We pulled each player's current CSR. If you made Team Finals at the 2024 7-State Tournament, we also checked your CSR against your FargoRate. If your FargoRate converted to a higher CSR, that higher number is what you're playing at.

Anyone with a CSR robustness of 4.0 or lower was also cross-checked against FargoRate to make sure their rating was accurate. These steps were taken to keep the field fair for everyone
